

## 36v 18a lithium battery pack

## Overview

---

What is a 36V lithium battery pack?

36V lithium battery packs come in various capacities and types, including lithium-ion and LiFePO4 options. These batteries are suitable for a range of applications such as electric bikes, solar storage, and recreational vehicles.

Where can I buy a 36V lithium battery?

Shop the range of 36V lithium batteries at Ryobi. Our 36V batteries are compatible with the MAXPOWER range of Ryobi tools. Find your ideal 36v battery here. Browse our full range of 36V MAX POWER batteries. Visit our website for full details.

What is the difference between 36v and 18v battery packs?

Impressively, the 36V battery packs have more power than the similar-sized 18V battery packs but as the battery packs' dimensions and weight remain almost the same, the Multi Volt battery packs can be used with a wide range of 18V class devices.

How long does a 36V lithium ion battery last?

The average lifespan of a 36V lithium-ion battery is typically around 3-5 years or 500-1,000 charge cycles, depending on usage, maintenance, and operating conditions. Proper care and avoiding extreme temperatures can help extend the battery's lifespan. Are there any safety concerns with using 36V lithium-ion batteries?
