

60v 5a lithium battery pack

Overview

What is a 60 volt battery?

The 60-volt lithium-ion battery provides consistent, fade-free power with no memory effect. An onboard fuel gauge lets you easily check the remaining charge at any time. You can choose tool only or bundle with a variety of compatible products. Availability based on local stock and may change. Order before 4pm eligible for same day where available.

What is the difference between a 60V Ultra Power Battery?

The difference between batteries of the same voltage is the ampere-hour (Ah) rating. The higher the ampere-hour (Ah) rating on the battery is the more run time it has to offer. Greenworks 60V ULTRA POWER battery provides the power you need for maximum performance. On-board battery fuel indicator allows for on-demand reference of remaining power.

What is a GreenWorks 60V Ultra Power Battery?

Greenworks 60V ULTRA POWER battery provides the power you need for maximum performance. On-board battery fuel indicator allows for on-demand reference of remaining power. Battery delivers fade-free power with no memory loss after charging. Compatible with all Greenworks 60V tools, including blower, trimmer, hedge trimmer, and lawn mower.
