

Andor 120A lithium battery pack

Overview

What is a KH lithium extreme 12V 120ah trolling motor battery?

Kh Lithium Extreme 12V 120Ah Trolling Motor Battery. For those fishermen who fight waves and river currents and who fish harsh conditions we have our new Tournament Lithium EXTREME battery. At 12V 120Ah, you get the extra power to maneuver through those harsh elements and come out a winner.

What is a 50A & 120A auxiliary battery?

Equipped with twin 50A & 120A Anderson Style Connectors, this makes for an excellent secondary or auxiliary battery for many applications. Both of these can be used for high current charging and discharging. This also allows the battery to be easily removed and relocated if being used in different applications.

How long do lithium batteries last?

- Longer Life: Lithium batteries are rated for 2,000 – 5,000 cycles and much more if used carefully, giving you several times the life expectancy of standard lead-acid batteries (300 - 500 cycles).
- Powerful: Lithium batteries allow you to pull far more amps out of the same size battery systems.

How long do epoch lithium batteries last?

Epoch Lithium batteries provide up to 10 times longer life than lead-acid batteries, and they still provide 80% of the rated capacity after 3,500 cycles. Epoch Lithium batteries are maintenance-free – no watering, no corrosion.

What is cxeny 48V 120ah lithium battery?

□ Built-In BMS Protection □ Cxeny 48V 120Ah Lithium Battery has Built-In BMS (Battery Management System) to maintain the voltage of every cell and protect it from overcharge, over-discharge, overload, overheating and short circuit. Lithium iron phosphate battery is the safest energy storage battery of the same type on the market at present.
