## Overview

---

Why should you buy a portable phone charger?

They come in many sizes so that you can make use of them like you would a power pack on the go. Portable phone chargers and power banks also make long travel days much less stressful. Next time your cell phone or tablet is running out of battery at the airport, you won't have to search high and low for a working outlet.

Do you need a portable battery or power bank?

Watching your phone or tablet steadily run out of power when you're nowhere near an outlet is stressful. But there's an easy solution: a portable battery or power bank. They are available in many sizes and capacities and can include handy features like fast charging and multiple ports.

How do I choose the best portable battery charger?

You can also find portable phone chargers that attach directly to your smartphone to automatically extend your phone's battery life. When shopping for the best portable charger for you, you can filter your choices by voltage, brand compatibility and battery capacity. Getting the most out of your portable battery charger.

Which portable charger is best for camping?

If you are hiking with a pack to go camping, this is the highest capacity portable charger you can realistically carry easily. Folks seeking more power for camping or a long road trip should pick up the Jackery Explorer 300 Plus. This cute and compact battery has a fold-out handle, packs a 288-WH capacity, and weighs 8.3 pounds.

How much battery does the PowerGrip have?

Like most of our current picks, the PowerGrip has a 10,000 mAh rated battery capacity. It also has a magnetic wireless charging pad (rated for up to 7.5 W),

a USB-C input/output port, a retractable USB-C input/output cable, and an LED screen showing the remaining battery life.

What is the best portable laptop charger?

When wall outlets are scarce, a portable laptop charger provides a handy backup for travelers or remote workers. Mophie's Powerstation Pro AC is our favorite. The Belkin BoostCharge Pro is your best bet for charging a single device wirelessly. It has MagSafe capabilities, a long cord, and a handy built-in stand.
