

Bifacial double-glass module price

Overview

What is a 120 half cell bifacial double glass solar panel?

This 120 half cell HJT bifacial double glass solar panel provides a powerful combination of increased PV module efficiency, energy savings and durable long-term performance. Featuring a 22.4% module efficiency and 615-635 watts per panel, it delivers an advanced renewable energy source with zero emissions.

What is JA Solar jam72d42-635/lb bifacial double glass?

JA Solar JAM72D42-635/LB Bifacial Double Glass high efficiency Solar Module offers exceptional power generation, reliability, and longevity.

What is a bifacial module?

In bifacial modules, the rear side cover consists of either glass or a transparent polymer back sheet. When backsheets are used, the module must be supported by an aluminium frame but the rigidity of the glass-glass modules is enough that in some cases a frame is not needed and the edges are only sealed.
