

Bosnia and Herzegovina container energy storage project bidding

Overview

Is there a PEI project in Bosnia and Herzegovina?

There is no PEI project in the territory of Bosnia and Herzegovina, chosen under the procedure launched in 2024 for the Energy Community which relates to gas or hydrogen.

Should Bosnia and Herzegovina adopt a long-term building renovation strategy?

Bosnia and Herzegovina should adopt a long-term building renovation strategy, establish an energy efficiency obligation scheme, and complete heating and cooling assessments. Regulation (EU) 2019/941 should be transposed and the risk-preparedness plan developed. Commission Regulation (EU) 2017/2196 should be fully transposed.

Why is Bosnia & Herzegovina's energy sector so vulnerable?

This delay persists despite the ENTSO-E cybersecurity report from 2022, which identified Bosnia and Herzegovina's energy sector as one of the most vulnerable in the region due to outdated infrastructure and insufficient cybersecurity investments.

Does Bosnia and Herzegovina provide security of electricity supply statements?

Bosnia and Herzegovina is not providing the Security of Electricity Supply Statements to the Secretariat despite its obligation under Article 29 of the Treaty.

Should Bosnia and Herzegovina transpose the natural gas acquis?

Bosnia and Herzegovina should transpose the natural gas acquis in the entire territory and implement the network codes. It should open its market. Bosnia and Herzegovina should transpose and implement the required elements of the EU ETS Directive, including the Monitoring and Reporting Regulation and

the Accreditation and Verification Regulation.

How many companies operate the gas Trans-mission system in Bosnia and Herzegovina?

Three companies in Bosnia Herzegovina operate the gas trans-mission system. In the Federation of Bosnia and Herzegovina, one company operates the transmission network as an exclu-sive and sole task in line with the Decree on Organisation and Regulation of the Gas Sector, but there is no legal basis for unbundling under the Third Energy Package.
