

Cambodia Communications establishes 5G base station

Overview

Will 5G be available in Cambodia?

KINGTEL has a master plan to build 3,000 base stations of 5G in Cambodia over 2 to 3 years including the first phase of 5G SA core network, transmission network and related technical equipment. It is expected that 5G SA network will be commercially available and accessible for more than 90% of Cambodian population by the end of 2020.

How will 5G affect Cambodia's telecommunication industry?

5G is expected to increase operator revenues by about 36 per cent by 2026 worldwide while 5G mobile connections will rise to more than 2.7 billion worldwide. There are four Cambodian-based telecommunication companies that have tested 5G by September 2021. These include:.

Will Cambodia support 5G networks in 2023?

In order to support 5G networks, the Cambodian government and mobile service providers have been upgrading the nation's telecom infrastructure. The Cambodian government has set a target of 2023 for the commercial rollout of 5G networks. In order to achieve this goal, the government has allocated 200 MHz of spectrum for 5G use.

How much spectrum is needed for 5G in Cambodia?

In order to achieve this goal, the government has allocated 200 MHz of spectrum for 5G use. The government has also established a task force to oversee the development and deployment of 5G in Cambodia. Several mobile operators in Cambodia have expressed interest in deploying 5G networks.

Does Cambodia have a 4G network?

Cambodia's 4G network is heavily used. It is significantly slower in areas of higher consumption compared with areas with lower usage patterns. Experts say that once the Kingdom sees the rollout of 5G, many people will leave the

4G network.

Are Cellcard & Smart the future of 5G in Cambodia?

Cellcard and Smart have been at the forefront of the hype and the former announced in late 2020 it had signed a major Framework Agreement with ZTE Corporation for the introduction of 5G and increase of 4G coverage and capacity across Cambodia.
