

Cambodia double-glass photovoltaic module manufacturer

Overview

What type of solar panels does Khmer solar offer?

We offer crystalline type panels from 40 - 330 watts to meet your power needs. Khmer Solar recommends Jinko Solar (NYSE:JKS) solar modules for higher energy requirements. Jinko is the global leader in solar module manufacturing and produces quality products with record efficiencies.

Are solar panels imported or re-exported in Cambodia?

During the same period, the country's solar panel imports rose rapidly and doubled to USD272 million but the volume was significantly lower than solar panel exports (Figure 1). This trade pattern suggests that a substantial portion of Cambodia's solar panel exports may have been assembled domestically rather than imported and re-exported.

Why are solar panels becoming a trend in Cambodia?

For decades, Cambodia's high economic growth has been fueled by strong garment exports, supported by tourism. However, a new trend in the country's exports has emerged in the past two years - a sharp increase in electrical and electronics (E&E) manufacturing products, particularly solar panels.

Does Khmer solar offer a warranty on solar panels?

Khmer Solar only stocks grade A solar modules and we stand to offer full warranty on their performance. We offer crystalline type panels from 40 - 330 watts to meet your power needs. Khmer Solar recommends Jinko Solar (NYSE:JKS) solar modules for higher energy requirements.

Why should Cambodia invest in solar panels?

Despite facing significant challenges, Cambodia possesses several advantages that would support the continued development of its solar panel industry. Cambodia can diversify its export destinations from the U.S. to developing economies, such as those in the Middle East or Africa who are transiting to

greater use of renewable energy.

Cambodia double-glass photovoltaic module manufacturer

[Double-glass PV modules with silicone encapsulation](#)

Introduction Recently several double-glass (also called glass-glass or dual-glass modules) c-Si PV modules have been launched on the market, many of them by major PV manufacturers. ...
