

China Communications 5G base station orders

Overview

How many 5G base stations will China build in 2025?

China plans to construct over 4.5 million 5G base stations in 2025 while introducing additional policy and financial incentives to support industries expected to shape the next decade, the country's Ministry of Industry and Information Technology (MIIT) announced during its annual work conference.

How many 5G base stations are there in the world?

In addition, a total of 819,000 5G base stations have been built by these three telecom giants, accounting for 70% of the world's total. As China has played a leading role in 5G technology, its 5G development has extraordinary significance for other countries.

How many 5G base stations are there in Hong Kong?

Built over 1,200 5G "golden spectrum" band base stations, covering Hong Kong Island, Kowloon, the New Territories and outlying islands. To date, 3 Hong Kong boasts the highest number of 5G golden spectrum band base stations in Hong Kong.

How is the 5G base station market segmented?

The global 5G Base Station Market is segmented based on Frequency Band, Component Type, Station Type, End-use, and Geography. Based on the Frequency Band, the market is further segmented into less than 2.5 GHz, 2.5 – 8 GHz, 8 – 25 GHz, and more than 25 GHz.

Who are China's 5G operators?

Chinese main operators are China Mobile, China Telecom and China Unicom. In addition to its expected expansion in the 5G field, China noted that it is also set to begin trials for 10-gigabit optical networks and enhance computing power infrastructure, reflecting the growing demand for artificial intelligence (AI) technologies.

Will 5G Revolution & 6G innovation be a priority next year?

The move comes as the country charted its vision for industrial growth during a two-day work conference of the Ministry of Industry and Information Technology. With 4.19 million 5G base stations already in operation, the industry regulator said that "promoting 5G revolution and 6G innovation will be one of the priorities" next year.
