

# China-Europe new container wholesale

## Overview

---

What is the cheapest shipping from China to Europe?

4) You need to deliver oversized freight. Full Container Load (FCL) can be the cheapest shipping from China to Europe, but only if your goods truly occupy an entire container. In this case, you pay for the container rather than the weight of the goods. The most commonly used containers are 20-foot and 40-foot containers.

How much does it cost to ship from China to Europe?

Express shipping will be the most expensive delivery method. On average, it will cost you around 10 dollars per kilogram. The weight and packaging of the goods, as well as the courier service you choose—whether it's DHL, UPS, TNT, or FedEx—significantly influence the cost. What Is the Shipping Time from China to Europe?

.

What is the best way to ship from China to Europe?

Sea freight China to Europe is a reliable and cost-effective option for large, heavy goods and products with a long shelf life. Among all delivery methods, sea freight tends to be the most economical. At the same time, sea freight is the longest shipping method from China to Europe.

How does shipping from China to Europe work?

Sea freight shipments from China to Europe typically follow two main routes: the Northern route and the Southern route. The Northern route passes through the Arctic Ocean, providing a shorter transit time during the summer months. The Southern route traverses the Suez Canal, which is the most commonly used route for container shipping.

Is shipping by train from China to Europe a good idea?

Every year, shipping by train from China to Europe is becoming increasingly popular among entrepreneurs due to its convenience and relative reliability. Similar to sea freight, you have the option to rent either a full container (FCL) or just a portion of the space within it (LCL) with railway transportation.
