

Comoros backup power storage system

Overview

In 2022, a German-Komoran consortium deployed Africa's first island-scale battery storage system (4.8MWh capacity). The results?

Project lead Dr. Amina Said famously joked: "We're not just storing electrons – we're storing economic potential."

Comoros backup power storage system

[Battery energy storage systems . BESS](#)

Battery energy storage (BESS) offer highly efficient and cost-effective energy storage solutions. BESS can be used to balance the electric grid, provide backup power and improve grid stability.
