

# **Congo Brazzaville lithium battery BMS price**

## Overview

---

How much does a BMS & PCM cost?

Its BMS & PCM maximize the safety, performance, and longevity of your lithium batteries. Its average price range is \$150-\$5,000. Renesas Electronics – Renesas has engineered award-winning BMS integrated circuits for over a decade and used top auto and tech brands. They offer both passive and active BMS. Average price range: \$150-\$1,200.

Are lithium and cobalt prices market-reflective?

This includes benchmark prices for lithium and cobalt, two battery materials that continue to experience market volatility and supply/demand imbalances. Our widely used prices are market-reflective, assessing both the buy- and sell-side of transactions.

How much does a BMS cost?

Average active BMS price range: \$500-\$2,000. Hybrid BMS – As the name implies, hybrid BMS combines elements of both passive and active systems. This allows optimized functionality per cell at lower costs than purely active BMS. Hybrid systems actively balance while monitoring voltages, while allowing passive shunting on cell voltage thresholds.
