

Customized processing of American energy storage containers

Overview

Why should you choose Sharpsville Container Corporation?

We offer exceptional project management at competitive rates, guaranteeing that your project or product meets or surpasses expectations, delivering maximum value for your investment. Sharpsville Container Corporation specializes in the fabrication and assembly of stainless steel containers.

Are stainless-steel storage vessels approved for use?

No matter where you're operating, whether it's in Canada, Europe or the U.S., we can deliver a fleet of stainless-steel storage vessels or transport containers are approved for use. Find out more about our high-quality vessels with ASME specifications by contacting us online or calling us today at 724-962-1100.

Why do you need a container?

When we jump on board with a customer's project, our primary goal is not to just create a container to hold high-value goods, it's to offer smart, practical problem-solving solutions to your persistent problems so you streamline your operations and bring efficiency to a potentially overlooked aspect of your work.
