

Djibouti Communications Company Base Station

Overview

How many cable landing stations does Djibouti Telecom have?

Djibouti Telecom has built two cable landing stations, the YAK Cable Landing Station (YAK CLS) and the Haramous Cable Landing Station (Haramous CLS). Besides th.

What is Djibouti Telecom?

Djibouti Telecom is today a leading strategic center for international telecommunication services in East Africa with its underlying network infrastructure including international submarine cables and terrestrial cables (between Djibouti-Somali, and Djibouti-Ethiopia).

Does Djibouti have any radio stations?

Maintains restrictions on the licensing and operation of broadcast media; state-owned Radiodiffusion-Television de Djibouti (RTD) operates the only 2 domestic radio networks. No private TV or radio stations are allowed (2007).

Why is Djibouti important?

Djibouti is a significant location for submarine cables running through the Asia, Africa and Europe corridor or connecting the East Africa.
