

# **Double-glass component consumables**

## Overview

---

What glass hardware does glassparts offer?

The glass hardware range from GlassParts includes glass door hinges, aluminium profiles for glazing, u channels, partition brackets, glass door seals, glass door locks, glass door knobs and handles, glass clamps and fixed panel brackets.

What does glassparts do?

GlassParts supply glass hardware at a sensible cost, allowing trades to pass on achievable prices to clients that win projects and tenders.

What is a spacer in a double glazed window?

With this glass, homeowners can enjoy expansive views without compromising on efficient heating. Spacers are components used in insulating glass (IG) units. They are specifically designed to separate and maintain the distance between the two panes of glass in a double or triple glazed window.

Why is glazing supplies direct a sustainable company?

Proper positioning not only maintains structural integrity but also prevents issues such. Sustainability is at the core of Glazing Supplies Direct. By manufacturing all products in the UK, we minimise long-distance transport and reduce emissions.

What is a double glazed window?

The double glazed unit, which slots into a window frame, is made up of a number of components. The cavity – the gap formed between the component parts this can be filled with air or argon gas. Please attach any plans or photos you have. PDF, PNG or JPG under 5mb file size accepted. Maximum of 5 files per form submission.
