

# Export of household energy storage lithium batteries

## Overview

---

The export of household energy storage batteries has become the unsung hero of global energy transition, with China's 2024 Q1-Q5 exports surging 50.1% year-on-year to 8.4GWh. But why are overseas markets snapping up Chinese batteries like hotcakes at a county fair?

## Export of household energy storage lithium batteries

---

### Analysis of lithium battery export data in overseas markets in 2024

In addition to the United States, China also exports lithium-ion batteries to emerging markets such as Europe, the Middle East, Japan, South Korea and Africa, which have huge consumption ...
