

Gambia Solar Base Station EMS Project

Overview

Jambur Solar Power Station, is a component of the "Gambia Electricity Restoration and Modernization Project" (GERMP), a US\$165 million infrastructure project financed by the European Investment Bank (EIB), the European Union (EU) and the World Bank (WB). The GERMP comprises the erection of the 23.

The Jambur Solar Power Station (JSPS), is an operational 23 MW (31,000 hp) in . The power station began commercial operations in March 2024. It is owned.

The power station was developed by the Gambian Ministry of Petroleum and Energy and The National Water and Electricity Company (NAWEC), with funding from the EIB.

The power station is located in the community called "Jambur", in , in the Brikama Local Government Area, southwest of Banjul, the capital city of the country and south of the . Jambur Solar Power Station sits on.

The (EPC) contract was awarded to (TBEA), a Chinese engineering and construction company. TBEA was.
