

# Germany s new battery energy storage

## Overview

---

Almost 600,000 new stationary battery storage systems were installed across Germany in 2024, increasing the country's storage capacity by 50 percent year-on-year, according to preliminary data from the German Solar Industry Association (BSW Solar).

## Germany s new battery energy storage

---

### Battery energy storage systems (BESS) in Germany , ENGIE ...

Battery energy storage systems (BESS) are experiencing a remarkable upswing in Germany - and quite rightly so. They offer one of the key need that an energy system ...
