

# **Guatemala Energy Storage Foreign Trade**

## Overview

---

Is Guatemala's electricity market free?

Guatemala's electricity market has been operating as a free market since 1996, when the activities of the electricity industry were separated, opening the generation and commercialization of energy to free competition.

Why is Guatemala a good place to invest in energy?

Guatemala is a good place for energy investments because it offers opportunities for cleaner energy generation due to its rich natural resources. The country is also working on policies to promote efficient energy supply, allowing U.S. companies to provide technology and know-how.

Does Guatemala have a US investment guarantee?

Per the 1962 agreement, the Guatemalan government must approve any U.S. government investment guarantee in Guatemala. 13. Foreign Direct Investment Statistics Guatemala has the largest economy in Central America, reaching a \$94.7 billion gross domestic product (GDP) in 2022 with an estimated growth of 4.0 percent in 2022.

Does Guatemala have a free trade agreement?

In addition to CAFTA-DR, Guatemala signed bilateral or regional free trade agreements with Chile, the European Union, Peru, Mexico, Colombia, Taiwan, Panama, the United Kingdom, the European Free Trade Association (EFTA) countries, and Israel and is currently negotiating a free trade agreement with South Korea.

How did Guatemala improve economic growth in 2021 & 2022?

During 2021 and 2022 the Guatemalan congress approved some key economic legislation to improve the investment climate and foster economic growth, such as a leasing law, amendments to the free trade zone law, a law to simplify administrative procedures and requirements, and an insolvency

law.

What is Guatemala's low emission development strategy (LEDs)?

Guatemala's Climate Change Framework Law established the groundwork for Guatemala's Low Emission Development Strategy (LEDS) and is designed to align Guatemala's emissions and development targets with national planning documents in six sectors: energy, transportation, industry, land use, agriculture, and waste management.
