

Guinea 22kw high quality inverter

Overview

What is a 22 kW pump inverter?

The 22 kW pump inverter is expertly insulated, dust-proof, and moisture-proof, ensuring all users' stable, safe, and reliable operation. The robust casing protects internal circuits and electronic components, ensuring the inverter's safety, stability, and reliability, effectively extending the product life. Max. DC voltage.

What is the electronic screen of The 22kW 3 phase inverter?

The electronic screen of the 22kw three phase frequency drive inverter is a key component in the inverter control system, providing users with an intuitive and real-time information display.

How many volts is a 22kW inverter?

22kW (30 hp) three phase inverter 208V, 440V, 460V, IP20 protection level, RS485 communication mode. Equipped with the electronic display screen, clear numbers, and convenient and timely adjustment of inverter parameters. Rated current 45A at 380V to 480V, 91A at 220V to 240V.
