

# **High performance lithium battery pack 12 6v 200AH**

## Overview

---

What is a 12V 200Ah self heating battery?

LiTime 12V 200Ah self heating batteries are the ideal choice for those seeking independence and mobility. Whether you're traveling in an RV, living on a boat, or staying in an off-grid cabin, the 12V 200Ah LiFePO4 battery delivers long-lasting power to keep your essential devices running smoothly.

What is a humsienk 12V 200Ah battery used for?

It's ideal for RVs, trolling motors, marine, and off-grid applications. High Energy Output: A single Humsienk 12V 200Ah battery offers the energy equivalent of two 12V 100Ah lithium batteries, providing 2.56kWh of energy.

Does humsienk 12V 200Ah LiFePO4 battery work in cold weather?

Yes! The Humsienk 12V 200Ah LiFePO4 battery is a drop-in replacement for most 12V lead-acid batteries. Just make sure your system supports lithium charging to get the best performance. Why is my battery not charging in cold weather?

.

How does the 12V 200Ah LiFePO4 battery function?

The 12V 200Ah LiFePO4 battery functions with a built-in enhanced BMS featuring Low Temperature Protection. This ensures reliable performance even in harsh cold conditions. Charging is automatically suspended when temperatures drop below -7°C (19.4°F) and will resume when the temperature is above 0°C (32°F).

Can the litime 12V 200Ah self-heating LiFePO4 battery discharge while heating?

Yes. The LiTime 12V 200Ah self-heating LiFePO4 lithium battery can discharge if it has power while heating. However, we don't recommend discharging

during the heating process, as it may harm the performance and lifespan of the battery.

How to charge litime 12V 200Ah self heated lithium battery?

By connecting LiTime 12V 200Ah self heated lithium battery to the battery charger, the charger can activate self-heating function and stop charging when the battery falls below 41°F, then stop heating and resume charging above 50°F. Easy operation and automatic temperature sense, become smarter and safer. 4 Charging Methods & 10X Charging Efficiency
