

Huawei New Energy Storage Facility Project

Overview

As a cornerstone of SaudiVision2030, the Red Sea project now stands as the world's largest microgrid energystorage project, with a storage capacity of 1.3GWh. Utilizing Huawei's Smart String ESS solution, this groundbreaking project is redefining renewable energy infrastructure.

Huawei New Energy Storage Facility Project

[Huawei signs world's largest energy storage project](#)

The two sides will work together to help Saudi Arabia build the global clean energy and green economy center. Huawei said the energy storage capacity of the project will reach ...
