

# **Indonesian foldable photovoltaic panel manufacturer**

## Overview

---

Who is PT Atelier solar Indonesia?

PT Atelier Solar Indonesia, established in October 2023, is an Indonesian enterprise of photovoltaic industry offering a full range of solutions. The manufacturing plant is located at Jjl. Wiraraja Industrial Estate Block A No.2. Kabil Nongsa, Batam City, Riau Island. Indonesia, is built on an area of 1,5 hectares and has current 152 employees.

Which material is used in photovoltaic technology?

Crystalline silicon is the dominant semiconducting material that is used in photovoltaic technology for the production of solar cells. These cells are then assembled into solar panels as part of a photovoltaic system to generate solar power from sunlight.

What types of solar panels do wholesale suppliers supply?

Wholesale suppliers supply a wide range of panels, including Rooftop Solar Panels and Utility-Scale Solar Panels. The manufacturers listed on our website supply wholesale solar panels that can help you cut down on your buying cost and provide you with the scope to earn more revenues.

What types of PV systems can be installed?

Our products can be installed including ground-mounted power plants, commercial, industrial rooftop PV systems, floating PV system and residential rooftop PV systems, with its advantages of continuous technological innovation and well established global sales and service networks.
