

Ireland Energy Storage Cabinet Lithium Battery Warranty

Overview

Are lithium-ion batteries safe in Ireland?

The reality is that even the most advanced, high-quality batteries can become hazardous if damaged, improperly stored, or handled without proper precautions. As technology outpaces legislation, businesses in Ireland must look beyond compliance and take a proactive approach to lithium-ion battery safety across the board.

Are lithium-ion batteries safe?

To ensure the safety of people and property, we have created a safety storage solution for Lithium-ion batteries. Lithium-ion batteries have many risks of which the most known and the most frequent is 'thermal runaway' which can be due to a rise in the temperature of the environment, a shock, or a problem with the assembly of the battery.

Does chemstore offer lithium-ion battery cabinets?

Lithium-Ion Battery Cabinet Chemstore is introducing a full range of lithium-ion battery cabinets. Chemstore is now offering a full range of Asecos lithium-ion battery charging cabinets. The entire catalogue is well suited to meet any company's needs.

Should Irish businesses wait for Brussels to catch up on battery safety?

Irish businesses cannot afford to wait for Brussels to catch up battery safety doesn't end with consumer devices, and neither should the conversation. While built-in safety mechanisms such as thermal cut-offs and protective casings can reduce risks, they are not infallible.

Are lithium-ion batteries a 'priority product'?

In December 2024, the UK government issued new statutory guidelines through the Office for Product Safety and Standards (OPSS), and by July 2025 it had passed the UK Product Regulation and Metrology Act, making lithium-

ion batteries a “priority product.”.

What are lithium-ion batteries used for?

Lithium-ion batteries are now used in a wide range of applications, from consumer electronics and power tools to industrial energy systems and electric vehicle fleets. According to QBE Europe, fires caused by lithium-ion batteries from multiple sources have doubled in just two years.
