

# **Is there a few hundred outdoor power supplies in Palau**

## Overview

---

Do I need a power adapter in Palau?

The standard voltage in Palau is 120V, and the frequency is 60Hz. Devices from countries with different voltage standards, like Europe (230V), may require a voltage converter in addition to a plug adapter. Do You Need a Power Adapter in Palau?

Whether you'll need a power adapter depends on the type of plug your devices use.

Do device plugs work in Palau?

Most device plugs will work with the outlet types in Palau. Also, the voltage in Palau is the same as in North America. Please note: an adapter will be needed if your device plug has a grounding pin and you are trying to use a Type A outlet. For this reason, we always recommend traveling with a universal travel adapter.

How many types of power plugs are there in Palau?

In Palau, there are two types of power plugs and outlets: Type A and Type B. Both types are used in airports, hotels, restaurants, etc., but they differ in terms of shape. Type A: Type A plugs have two flat prongs on either side of the plug.

What voltage is used in Palau?

In Palau, power plugs and sockets (outlets) of type A and type B are used. The standard voltage is 120 V at a frequency of 60 Hz. Palau is a small island nation in the western Pacific Ocean, known for its stunning coral reefs, diverse marine life, and pristine beaches.

Do Europeans need outlets in Palau?

Europeans will need an adapter for the outlets and a transformer for the

voltage when traveling to Palau. European device plugs will not work with the outlet types in Palau. Also, the voltage in Palau is different from European voltages. What Outlet does Palau Use?

.

Do I need a travel adapter for a Palau Charger?

However, it is possible you'll need an adapter to plug the charger into a Palau outlet. Palau uses electrical outlets and power plugs of types A & B (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. Are the electrical outlets and power plugs in your country different?
