

Israel Battery Energy Storage System

Overview

What is the Israeli energy storage Council?

Based at Bar-Ilan but to be run in conjunction with the Technion-Israel Institute of Technology in the northern city of Haifa, the body will oversee the development, training, and commercialization of energy storage technologies.

Are 'deep-tech-based' technology solutions the future of Israel?

(Gavriel Fiske/Times of Israel) Bar-Ilan University President Prof. Arie Zaban, an energy researcher and entrepreneur, said “deep-tech-based” technological solutions were critical for the planet’s future and that the institute would “help position the State of Israel as an ecosystem in the field of climatech.”.

Can lithium-ion batteries be recycled?

(Shlomi Mizrahi, Bar-Ilan University) Sodium-based batteries for storing renewable energy cheaply and the recycling of lithium-ion batteries are among the challenges to be researched at a new NIS 130 million (\$37 million) national institute inaugurated on Tuesday at Bar-Ilan University near Tel Aviv.
