## Overview

---

What is the best home battery storage?

Because home battery storage has something to offer everyone—from backup power to bill savings to self-reliance. With this in mind, there is no single “best” battery. There are different solutions to meet the varying requirements and needs of homeowners across the country.

What is GoodWe EcoSmart home?

GoodWe EcoSmart Home offers a solar + storage system, combining its hybrid inverter and lithium-ion battery to create a self-consumption solution. The inverter, boasting a power range of 5-11.4 kW, is capable of integrating into various residential systems.

Which inverter is best for home battery storage?

The leading inverter company, not surprisingly, offers a fantastic home battery storage solution in the Enphase IQ Battery 5P. This smaller capacity battery comes in at a lower price point than larger capacity competitors, and can often get the job done in Time-of-Use shifting applications for bill savings.
