

Liechtenstein Communications 5G base station 2100MHz

Overview

When will 5G be available in Liechtenstein?

The initial strategy for Liechtenstein was to award 5G frequencies to operators at the end of 2019. However, the Ministry of Economy informed that the Office for Communications decided to wait for the frequency allocation to take place in neighbouring countries.

Will Telecom Liechtenstein expand its 5G network in 2023?

Telecom Liechtenstein received approval to expand its 5G network the Principality of Liechtenstein in January 2023 by acquiring the rights to use frequencies through reallocation. TLI will expand its 4G/LTE network capacity and introduce 5G, the most powerful mobile communications standard currently available, to FL1 customers by mid-2023.

What frequency is 5G based on?

Telecommunications companies are building 5G base stations in the centers of cities on the 3.5 GHz frequency band, and over time, 5G signals will also be transmitted on the 700 MHz frequency band, with a range of up to 10 kilometers on this frequency band.

Who is the largest mobile operator in Liechtenstein?

After the successful roll-out of the fiber optic core network in Liechtenstein, Telecom Liechtenstein and Nokia have also signed the contract to expand their 5G network. Swisscom "Liechtenstein" is the largest mobile operator in Switzerland and also in Liechtenstein. Hence, it is also the largest mobile operator in Liechtenstein.

Does Liechtenstein have a mobile phone system?

The Liechtenstein mobile phone system is attached to Switzerland. This means that customers of all three providers can roam in Switzerland on Swiss networks without additional fees. This applies to data too.

Does Liechtenstein have a telecommunication network?

The Principality of Liechtenstein has a well-developed telecommunication infrastructure with high penetration rates above the regional average both for fixed and mobile services. Focusing on the investments of state-owned companies, Liechtenstein has been expanding its fibre-optic network since the mid-1990s.
