

Luxembourg household photovoltaic solar integrated machine

Overview

Does Luxembourg need photovoltaics?

Luxembourg has an ambitious target to increase the share of energy from renewable sources to 25% by 2030. The development of photovoltaics is one of the solutions recommended in Luxembourg's integrated national energy and climate plan (PNEC, Predicted No-Effect Concentration).

Why should you choose a solar & thermal renovation company in Luxembourg?

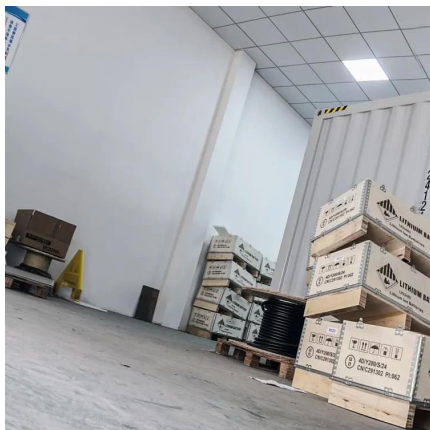

Our integrated solutions help homeowners and businesses in Luxembourg reduce energy bills, increase property value, and achieve long-term sustainability. We guide you through every step – from design to installation – and assist with subsidies and tax incentives, making your switch to solar and thermal renovation smooth and affordable.

Does voltmax offer thermal insulation services?

Voltmax offers professional thermal insulation services to help you reduce energy loss, lower heating and cooling costs, and improve indoor comfort. Our high-quality insulation solutions ensure better energy efficiency, keeping your home or business warm in winter and cool in summer.
