

# **Mali solar power generation for home use**

## Overview

---

How many mini-solar plants are there in Mali?

The rural electrification agency says 32 mini-solar plants like the one in Karan are in four regions in Mali's south and southwest of the country, providing power for more than 2 million people, and are run by WeLight and German-owned Africa GreenTec. "We started with 48 connections and now we have more than 200.

Is solar power a good idea in Mali?

Solar power is a recent development in the country. The government is encouraging the use of it by exempting equipment from customs duties and promising to subsidize the price of solar kits. Without such subsidies, solar energy in Mali is about twice the price of the traditional fossil fuel energy used in cities.

How much does it cost to get electricity in Mali?

Studies have shown that achieving universal access to electricity in Mali would require an investment of around \$1.3 billion to extend networks and create more mini-grids, Sissoko said. Solar power is a recent development in the country.

Can Mali achieve universal access to electricity?

In rural areas, access is as low as 25%, according to Abdoulaye Makan Sissoko, an official with Mali's rural electrification agency. Studies have shown that achieving universal access to electricity in Mali would require an investment of around \$1.3 billion to extend networks and create more mini-grids, Sissoko said.

Can a solar power plant jolt a village to life?

(AP Photo/Baba Ahmed) KARAN, Mali (AP) — A solar power plant in this rural corner of Mali has jolted a village to life and awakened dreams of steady

power in other areas of this West African nation as it sees unprecedented growth in renewable energy. The border village of Karan and its 3,000 people used to go days without electricity.

Which Mali city is lit by solar-powered street lamps?

The main street of Karan, Mali, is lit by solar-powered street lamps, on Feb. 5, 2025. (AP Photo/Baba Ahmed) A technical agent cleans the mini solar plant's panels in Karan, Mali, on Feb. 6, 2025.
