

Malta custom-made 48V lithium battery pack

Overview

Who makes lithium-ion battery packs?

Both provide battery pack assembly and testing. Our battery pack manufacturing centers in Xiamen and Shenzhen provide additional services and the production of lithium-ion battery packs and cells. With over 50 years of combined experience in lithium-ion battery technology, no project is too big for us to handle.

Which lithium-ion cell is best for a custom battery pack?

The 18650 lithium-ion cell is one of the most popular choices for custom battery packs due to its high energy density, reliability, and versatility. To create the ideal custom battery pack with EGbatt, we'll need some key information from you: Let us know what your product or device is.

Why do we supply bulk lithium-ion batteries?

Our strong network of partners enables us to supply bulk lithium-ion batteries with an internal emphasis on quality control and customer support. As a dependable lithium-ion battery supplier and battery pack manufacturer, we can deliver reliable energy storage solutions for any application.

Who can supply lithium-ion batteries in-house?

If you desire to prototype or assemble battery packs in-house, we can supply cutting-edge lithium-ion cells from leading manufacturers like Panasonic, Sanyo, LG, Samsung, Sony, BAK, Lishen, and others.

Why are custom lithium-ion batteries in high demand?

Off-the-shelf battery packs rarely meet the exact requirements of modern electronic devices. That's why custom lithium-ion battery solutions are in high demand. Here are a few key reasons: Size and Dimensions: Standard batteries often don't fit perfectly into electric vehicles, portable electronics, or specialized devices.

What is a custom rechargeable battery?

A custom rechargeable battery can be tailored to match the exact wattage and performance needs of your application. Custom Connectors and Cable Lengths: Whether you need XT60 connectors or other terminal types, a custom pack allows you to define cable length and connector type for perfect compatibility.
