

Mexican Behind-the-meter Energy Storage Company

Overview

Fotowatio Renewable Ventures (FRV), part of Abdul Latif Jameel Energy and a leading global provider of sustainable energy solutions, together with Energy Toolbase (ETB), a software company specializing in the economic optimization of energy storage systems, and the Mexican developer Ecopulse, focused on 'behind-the meter solutions', enter a long-term collaboration to develop and deploy energy storage projects under an innovative 'Energy Storage-as-a-Service' (EnSaaS) model focused on the Mexican industrial sector.

Mexican Behind-the-meter Energy Storage Company

Behind-the-Meter Battery Storage: Frequently Asked Questions

What Is Behind-The-Meter Battery Energy Storage? Energy storage broadly refers to any technology that enables power system operators, utilities, developers, or customers to store ...
