

# **Middle East Energy Storage Product Manufacturing Company**

## Overview

---

How is enericap transforming energy storage in the Middle East?

Through strategic partnerships, cutting-edge technology, and a steadfast focus on sustainability, Enercap is poised to redefine energy storage in the Middle East and beyond. "Our unique supercapacitor technology offers a future-proof solution that aligns with both regional and global sustainability goals," concludes Qureshi.

Why are batteries becoming a preferred energy storage solution in the Middle East?

In the Middle East and African region, the demand for batteries has increased in the Middle East as a preferred energy storage solution primarily due to technological innovation and the reduction of battery costs.

What is Eskom's first battery energy storage system?

December 2022: Eskom, South Africa's principal utility and grid operator, has begun work on its first battery energy storage system (BESS) with Hyosung Heavy Industries. It will generate 8MW of power and store 32MWh of energy, and it will be erected in 7-12 months with a connection to Eskom's Elandskop substation.
