

# **Netherlands Battery Energy Storage Project**

## Overview

---

Dutch battery developer Lion Storage develops and builds large-scale battery energy storage systems, supporting grid stability whilst aiming to increase sustainable energy use throughout the Netherlands. 4 Increased use of BESS is integral to the country achieving its sustainability goals; in particular, meeting its 2030 renewable energy share (RES) target of 39 per cent under the EU Renewable Energy Directive. 5

## Netherlands Battery Energy Storage Project

---

### Dispatch introduces the Netherlands' largest stand-alone battery

Equans Netherlands will take charge of the engineering and construction of the battery storage system. Eneco will optimize the battery to maintain this balance without ...
