

# **Nordic Solar Ecosystem Manufacturers**

## Overview

---

What does Nordic Solar do?

At Nordic Solar, we have made it our business to add more renewable energy to the energy system. We develop, construct and operate utility-scale solar parks in European growth markets. We also divest assets to make new investments in solar energy solutions. Dive into our business model and get insight on our strategic focus.

Who is solarnordics?

SolarNordics is a brand within the German company Strategica GmbH, focusing on expanding the footprint of solar generated renewable energy in the Nordic market. The main segment within the solar industry, where SolarNordics sells and distributes solar equipment, are focused on solar panels, battery and power stations and inverters.

Why should I join Nordic solar?

Joining Nordic Solar means building a career with exciting opportunities. You will find a space to grow, learn and engage in a collaborative environment. Battery Energy Storage Systems (BESS) are the perfect complement to solar energy, which is one of the most predictable and cost-efficient renewable energy sources available.

Is Nordic solar integrating battery storage into a solar park project?

Operating in 12 European countries, the solar energy company Nordic Solar is investing heavily in integrating battery storage into its portfolio of solar park projects and is now launching the construction of its first project, which is located in Denmark.

How does solarnordics sell & distribute solar equipment?

The main segment within the solar industry, where SolarNordics sells and distributes solar equipment, are focused on solar panels, battery and power

stations and inverters. SolarNordics distributes and sells through our website, but also through our direct sales team through a B to B sales motion.
