

Nordic energy storage battery sales

Overview

Is the Nordic battery value chain a good investment?

In 2021 the Swedish Energy Agency and Business Sweden published two reports* concluding the complementary strengths within the Nordic battery value chain, a strong momentum for industry potential, a shared interest in joint trade and investment promotion as well as a need for coordinated actions.

What is the Nordic battery collaboration?

The Nordic Battery Collaboration is a key initiative. The decision to carry out this report was taken by Business Sweden, Business Finland, Innovation Norway and the Swedish Energy Agency together. All parties are financing the report. The report is conducted by Business Sweden.

Why is the Nordic battery ecosystem important?

Actors within the Nordic battery ecosystem are active on global markets with strong ambitions and devotion to sustainability. The European context is decisive for business as Europe and the EU is the main region for Nordic trade and investments.

Who is Helios Nordic energy?

Stockholm. 2024.12.18 – Helios Nordic Energy, a leader in utility PV and BESS project development in the Nordics, has successfully completed the sale of a 10MW Battery Energy Storage System (BESS) located outside the city of Södertälje.

What is a battery energy storage system?

“We are excited to deliver this project to our customer,” said Magnus Häggström, Chief Commercial Officer at Helios Nordic Energy. “Battery Energy Storage Systems (BESS) are vital in Sweden for stabilizing the grid, storing excess renewable energy, and ensuring a reliable power supply.”
