

Nordic solar panel brands

Overview

Who makes solar panels in Norway?

As we delve into the solar landscape in Norway, it's essential to explore the supply chain centers, top manufacturers, and the pivotal factors that are shaping the future of solar energy in Norway and beyond. Primroot.com is a leading-edge professional solar panels & inverter manufacturer based in the high-tech hub of Shenzhen, China.

Who is solarnordics?

SolarNordics is a brand within the German company Strategica GmbH, focusing on expanding the footprint of solar generated renewable energy in the Nordic market. The main segment within the solar industry, where SolarNordics sells and distributes solar equipment, are focused on solar panels, battery and power stations and inverters.

Why are Nordic solar panels better than standard solar panels?

Because they are more efficient than standard glass solar panels you'll get higher production from a relatively small size. Together with the minimum thickness of only 3mm they are ideal for use on campers, caravans, or other recreational vehicles. The Nordic series is fitted with a smooth surface and is not designed to be walked upon intensively.

Are Norwegian solar panels sustainable?

In the landscape of renewable energy, Norwegian solar panels have emerged as a beacon of innovation and sustainability. Norway, primarily known for its oil and gas reserves, is making significant strides in solar energy, marking its transition towards more sustainable energy sources.

What is the Nordic series?

The Nordic Series has been developed by SUNBEAMsystem for use in its region of origin: the northern latitudes. It offers a universal solution for

applications with a requirement for lightweight, flexible, and compact solar panels.

What is dualsun Nordic?

With this integration, the core product of DualSun Nordic is SPRING solar-hybrid panels, where the solar energy is converted into both electricity and heat in the same panel, together with a design support to hybridize geothermal heat pumps of all brands to both new and existing systems.
