

Portuguese local energy storage battery brand

Overview

StorSystems is driving the Portuguese energy transition by developing, building, and operating advanced battery storage systems. Battery storage allows power produced now to be stored for use later. It will be essential for a decarbonised and reliable energy network in Portugal.

Portuguese local energy storage battery brand

Exide Technologies Goes Live with On-Site Solar Installation and

Gennevilliers, France - (March 25, 2021) - Exide Technologies (), a leading provider of stored electrical energy solutions, and EDP go live with a state-of-the-art solar ...
