

Sao Tome and Principe s outdoor power supply is Huijue battery cell

Overview

Where can I install solar panels in São Tomé?

São Tomé is an ideal location for solar energy. Solar panels can be installed in existing buildings or in stand alone 20 foot containers with the help of Offgridinstaller, who can supply and fit any size of solar system with high quality lithium ion battery storage which can generate and power year round storage.

Are there any studies on solar power potential in Sao Tome & Principe?

2. Solar PV:As per the publication “Emission Reduction Profile: Sao Tome and Principe”, June 2013” prepared by RISO with the support of ACP-MEA & UNFCCC, there are, to date, “no official studies on the exact solar power potential: therefore, further calculations of the emissions reduction potential can be hazardous”.

What is the population of Sao Tome and Principe?

The famous volcanic plug ‘Pico Cao Grande’ is 663 m high and popular with tourists. The main island, Sao Tome, has most of the 200,000 population, while Principe has only 8,000 people. The islands total 1,000 km².
