

Scope of application of Micronesia energy storage project

Overview

Why did the Micronesian government seek out PV & Bess?

The Micronesian government sought out PV and BESS for a grid-tied solution to support (PCU) Micronesia's power supplier. Installation of BESS supported power infrastructure at two locations:.

What is the Federated States of Micronesia (FSM)?

The Federated States of Micronesia (FSM) consists of the Government of FSM (GoFSM) and the four states of Chuuk, Kosrae, Pohnpei, and Yap.

What projects are being invested in yspsc & Kosrae?

Project investments will include solar photovoltaic (PV) and mini-grid investments for Kosrae Utilities Authority (KUA) in Kosrae, and (ii) PV and a battery energy storage system (BESS) for Yap State Public Services Corporation (YSPSC) in Yap. The scope of investments and estimated associated costs for each State are presented in Table 1.
