

Senegal 5GWh energy storage battery

Overview

Does Senegal have a battery energy storage project?

The national electric utility of Senegal, Senelec, has signed a 20-year CCA with Infinity Power for a battery energy storage project.

Will a 40 MW battery energy storage system improve Senegal's national grid?

The agreement focuses on implementing a 40 MW battery energy storage system to improve the stability of Senegal's national grid. The system will be one of West Africa's largest upon completion in 2025 – with construction set to begin in early-2024 at the Tobène substation in Thiès – and will be integrated with the Taiba N'Diaye wind farm.

Does Senegal have a capacity change agreement with Infinity Power?

Senegal's national electricity company Senelec has entered into a 20-year capacity change agreement with Infinity Power, a joint venture between Egypt's Infinity and the UAE's Masdar, to establish a battery energy storage system.
