

Senegal Customized Photovoltaic Energy Storage System

Overview

Independent power producer, Africa REN, has commissioned a 20MW of solar PV power plant with a 10MW/20MWh battery energy storage system (BESS) in Senegal. Named the Walo Storage project, it marks West Africa's first solar installation with dedicated energy storage for frequency regulation.

Senegal Customized Photovoltaic Energy Storage System

Senegal, Africa REN launch WALO Solar plus storage system - Energy

Developed by Africa REN at a cost of EUR40 million, the project combines a 16 MW solar photovoltaic plant with a 10 MW/20 MWh lithium-ion battery system to provide grid ...
