

# **Singapore Independent Energy Storage Power Station Project**

## Overview

---

SINGAPORE : A first-of-its-kind floating power plant with batteries that can refuel liquefied natural gas (LNG) vessels, charge electric harbour craft and even generate electricity for remote islands is set to start operations in the first quarter of 2024.

## Singapore Independent Energy Storage Power Station Project

---

### The first phase of the first independent energy storage power station

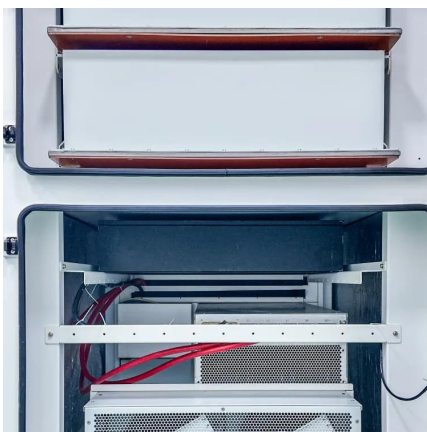

Financial Associated Press, Dec. 30 - at 17:18 today, the first independent energy storage power station of the Three Gorges group and the first batch of energy storage ...
