

Solar energy and energy storage in Kiribati

Overview

Who owns solar power in Kiribati?

The government-owned Public Utility Board supplies diesel generated power in South Tarawa. The Kiribati Solar Energy Company provides electricity to outer islands through solar home systems. Initially formed in 1984 by an NGO, the company is now owned entirely by the government. There is little private sector involvement.

Where is Kiribati green energy solution located?

The Kiribati Green Energy Solution headquarter office building is located in Betio, Tarawa Island. The Company currently have 3 branch office buildings located in London Kiritimati Island, Tebikera Maiana Island and Nuotaea Abaiang Island. The Company also have outlet retail store located in Bonriki International Airport, Tarawa.

Will solar panels reduce Kiribati's dependence on imported fuel?

Tarawa Kiribati, September 23, 2016 – Large-scale solar panels installed at four government owned facilities were officially unveiled today as part of a new World Bank project designed to reduce Kiribati's dependence on imported fuel.

How does Kiribati get its energy?

The Ministry of Public Works and Utilities is responsible for the planning, management and co-ordination of the energy sector. At present, Kiribati gets all its fossil fuels through imports.

Why was Kiribati solar energy company renamed in 2020?

In 2020, the reformation and renaming of the Company (commonly known then as Kiribati Solar Energy Company) was conducted with the core objective is to broaden its scope in providing services with renewable energy including solar energy, wave energy, wind energy and other RE technologies that is

applicable in Kiribati.
