

# Solar panel prices in Cambodia

## Overview

---

Let's face it: Cambodia's solar panel price remains 20-30% higher than in neighboring Vietnam or Thailand. But why?

Well, three factors dominate: import dependence, fragmented supply chains, and limited financing options. How much does solar power cost in Cambodia?

The first phase of Cambodia's national solar power project, for 60 MW, was opened to private sector bidding and resulted in the lowest procurement price for grid-connected solar power in all of ASEAN, at 3.89 USD cents/KWh, Gill said.

Are solar panels legal in Cambodia?

UNDP's Beresford highlighted difficulties with regulations. For example, feed-in tariffs are not permitted in Cambodia – these are small payments made to households or businesses who generate their own clean electricity and feed it into the grid. There are also strict regulations on rooftop solar panels.

Why are solar panels becoming a trend in Cambodia?

For decades, Cambodia's high economic growth has been fueled by strong garment exports, supported by tourism. However, a new trend in the country's exports has emerged in the past two years – a sharp increase in electrical and electronics (E&E) manufacturing products, particularly solar panels.

Is solar a good option in Cambodia?

In the middle of Cambodia, including the load center of Phnom Penh, which is responsible for approximately 70% of national electricity demand, the peak solar resource measures over 1,900 kWh per square meter per year. Solar is also a good option for remote rural households that do not currently have access to the grid.

Does Cambodia export solar panels?

In 2022, Cambodia's solar panel exports soared by 2.8 times year-on-year to USD1.0 billion; the share of solar panel exports to the country's total exports rose to 4.6 percent from 1.4 percent.

What is a solar power project in Cambodia?

Cambodia: Solar Power Project. efficiency of EDC and includes a grant component to the REF to finance service connection costs for poor households in the project provinces (para. 88). The project closing date is expected to be 31 December 2019. 128. The Rural Energy Project was funded by a \$6.1 million grant from the Government of Australia.
