

# **Swedish backup power storage device**

## Overview

---

Does SolarEdge have a full backup system?

Going beyond the partial backup capabilities offered by other inverter systems, SolarEdge's full backup solution is designed to power more appliances in the home for longer, both on- or off-grid\*. The SolarEdge Home Hub inverter and Backup Interface provides backup power of up to 10kW during the day with a battery capacity of up to 23 kWh.

Does SolarEdge have a three-phase backup interface?

Västerås, Sweden (2 October 2023) – SolarEdge Technologies, a global leader in smart energy, today announced full availability of its three-phase backup interface in Sweden.

What is the SolarEdge home backup interface?

The SolarEdge Home Backup Interface meets this need by enabling homeowners to back up more appliances in the home for longer. The full backup solution is available today to installers nationwide, with our supply chain in Europe now operating at full speed.

What is a SolarEdge Home Hub inverter & backup interface?

The SolarEdge Home Hub inverter and Backup Interface provides backup power of up to 10kW during the day with a battery capacity of up to 23 kWh. The DC-coupled battery architecture eliminates the 'triple-conversion penalty', with two fewer power conversions required than AC-coupled alternatives, for industry-leading round-trip efficiency of 94.5%.

What is a three-phase full backup system?

The three-phase full backup solution is also 'black start capable', meaning that for homeowners the PV system can start automatically without manual intervention after the battery has been drained during a blackout. For example, overnight, the battery discharges from stored solar power and then

recharges again during the day via the PV system.

What makes MVS a great power supply provider?

As a comprehensive power supply provider, MVS delivers both standard and customized solutions, ensuring high-quality products with exceptional service and support for its customers. Part of the KAMIC Group, a Swedish technology business, MVS benefits from the group's global presence across Europe, Asia, and North America.
