

Swiss lithium battery photovoltaic panel manufacturer

Overview

SSWISS GROUP AG manufactures high-quality solar modules and is leading and globally active technology company. SWISS solar modules are engineered in Switzerland and meet the highest quality standards. As an internationally recognized premium brand. Why should you choose Swiss Solar AG?

The state of the art design of solar the packaging and solar modules makes the product emotionally attractive to the most demanding customers. Stylish packaging sets the product apart from other producers. To be part of SWISS SOLAR AG is to always be ahead.

Who is lithium system?

LiTHiUM System, formerly LiTHiUM Storage GmbH, headquartered in Illnau, Switzerland, has been supplying customers throughout Europe with high-quality lithium iron phosphate (LiFePO₄) batteries since 2010. As one of the first in Europe we have added NMC cells with a high energy density to our assortment.

Who makes lithium batteries?

LiTHiUM System works closely with partners in the immediate vicinity for the quantitative and qualitative production of prototypes. The lithium batteries from LiTHiUM System GmbH have already received several international awards, such as the 360 degree MOVE Award.

Why should you choose Swiss luxra group?

Swiss Luxra Group Achieves Solarif Key Quality Certification for Bankability and Insurable Renewable Energy Projects. This certification not only guarantees the quality of our PV modules but also provides a strong competitive advantage in the market.

Why are lithium-ion cells used in electric vehicles?

Thanks to fully automatic production, the lithium-ion cells have a constant

quality and are used in thousands of electric vehicles around the world around the clock. As an exclusive distribution partner for Europe, we are also able to supply smaller quantities of less than 10,000 professional cells and modules.
