

Tajikistan Communications 5G base station installation progress

Overview

Is Tajik launching 5G in Dushanbe?

Tcell, a Tajik operator, activated its first 5G base stations in the city of Dushanbe, after receiving a license for 3500MHz spectrum in June of last year. "The country's leading innovative operator, Tcell, presents the most high-speed network of new generation - 5G in Dushanbe," according to its website.

Is Tcell launching commercial 5G services in Tajikistan?

Although Tcell is not the first operator to launch commercial 5G services in Tajikistan, it was investing in fibre infrastructure to support future 5G growth. As such, the operator is offering customers the chance to win 5G devices with data allowances via its website despite not confirming commercial 5G tariffs.

How fast is Tcell 5G in Tajikistan?

In addition, local news outlet Asia-Plus reported that Tcell has achieved download speeds of nearly 1Gbps, which is ten times faster than the top speed of its 4G network. Although Tcell is not the first operator to launch commercial 5G services in Tajikistan, it was investing in fibre infrastructure to support future 5G growth.
