

Thailand Energy Storage Equipment Factory

Overview

Who is Thai Energy Storage Technology plc?

THAI ENERGY STORAGE TECHNOLOGY PLC. Formerly “Thai Storage Battery Company Limited” was found in 1986 and became a public company limited in 1994. It has become one member of Hitachi Chemical Group in September 2017 and changed the company name to “Hitachi Chemical Storage Battery (Thailand) Public Company Limited” by the time of 3rd January 2019.

Who is Thai storage battery?

Overview: Thai Storage Battery is one of the oldest battery manufacturers in Thailand, known for its strong presence in the automotive and industrial sectors. TSB is transitioning into lithium-ion but remains a key player in traditional batteries. Established Time: 2023.

How much power does a Thai factory produce per hour?

A Thai factory currently produces 1 gigawatt hour per hour of batteries, supplying mainly local electric bus makers. The factory aims to expand production to 4 gigawatts per hour by the end of 2025, with potential for further expansion based on market demand.

Why should you invest in EVs in Thailand?

Additionally, those with investment privileges will receive subsidies for investment, research, and personnel training. Amita Technology, a local Thai company and the first lithium-ion battery gigafactory in ASEAN, is committed to completing Thailand's electric vehicle (EV) ecosystem by developing battery manufacturing from upstream to downstream.

Are battery manufacturers eligible for tax incentives in Thailand?

Battery manufacturers will receive significant tax incentives in Thailand. They are eligible for a 90% reduction in import duty for materials used in production and a full import duty exemption for research materials. Additionally, those

with investment privileges will receive subsidies for investment, research, and personnel training.

Will Thailand's green economy benefit energy absolute's growth?

The battery and EV factories primarily serve domestic demand, but the company plans to stabilize its growth in Thailand before expanding to the international market. Chatrapon Sripratum, Energy Absolute's vice president, believes that Thailand's increasing focus on the green economy will benefit the company's growth.
