SolarContainer Pro
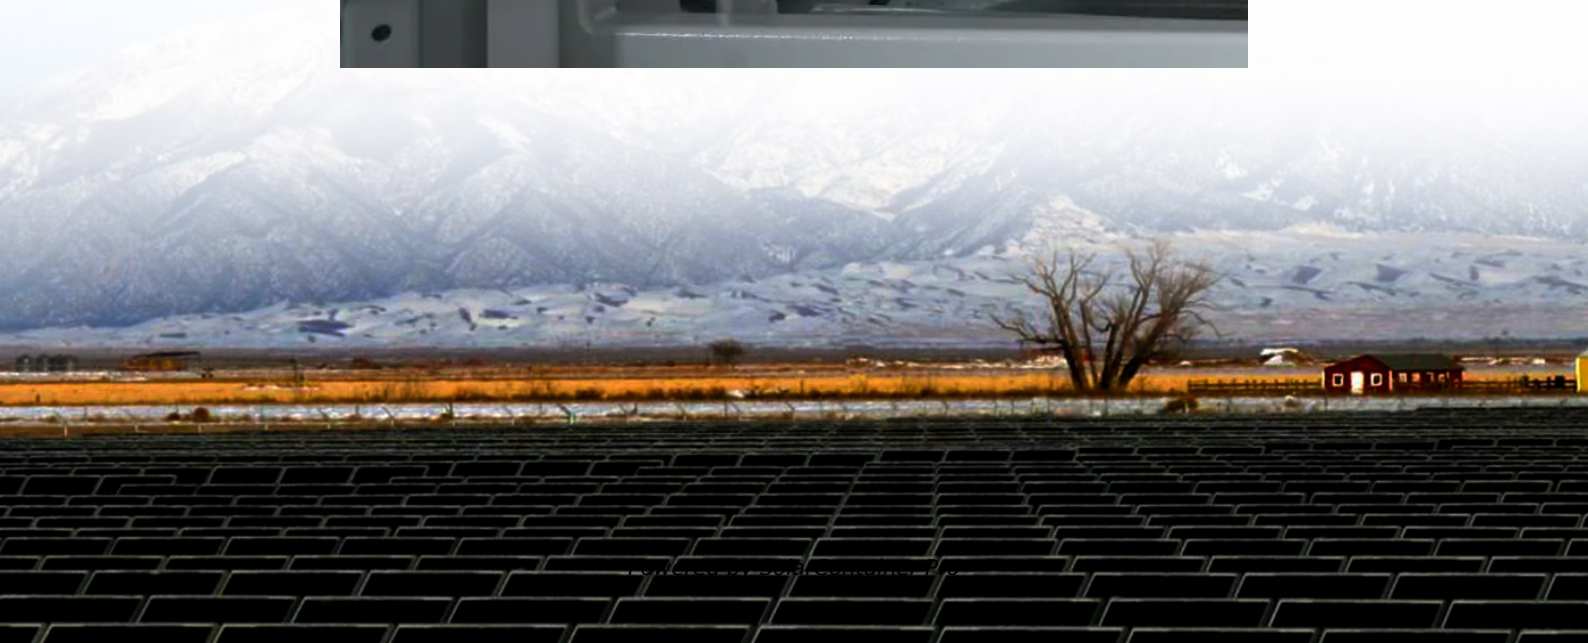

What are the specifications of 565 photovoltaic panels

Overview

With a power output of 565W and a module efficiency of 21.9%, it delivers exceptional energy generation in various environmental conditions. The panel features 144 half-cut monocrystalline cells, which enhance performance by reducing resistance and improving light absorption.

What are the specifications of 565 photovoltaic panels

565 Watt Solar panels for sale , Prices, dimensions, weight, ...

565 Watt Solar panels' range of prices, dimensions, sizes, voltage output, specifications datasheets Ranges of information Voltage: 32.12V ~ 45.4V Amp: 12.46A ~ 17.6A
